

Health (In)equity in Clinical Trials

What is the state of current clinical trials practices in terms of diversity and inclusion? Is clinical research appropriately including racial, ethnic, sexual, and gender minorities or socioeconomically disadvantaged populations?

Join AWIS-PHL for a panel discussion with:

Misha Mehta, BS, MS
Research Analyst at ECRI

Hannah Elizabeth Nahorniak
Clinical research associate at AstraZeneca

Carolynn Thomas Jones, DNP, MSPH, CRN-BC, RN, FAAN
